

BRAVELY DIRGAYUSKA

Software Engineer

Jakarta, Indonesia | bravelydirgayuska@gmail.com | +62 811-8899-743 | portfoliobravely.vercel.app

SUMMARY

Someone who enjoys following how technology develops and putting it to use. Spends a lot of time learning new tools, currently AI and Excel VBA macros. Comfortable owning a system end-to-end, from requirements through testing, launch, and support, including systems that businesses now use every day. Pick up unfamiliar tools quickly and work well with people.

EDUCATION

Bachelor of Computer Engineering (S1)

Aug 2022 - Mar 2026

Diponegoro University, Semarang, Indonesia

- GPA 3.77 / 4.00

WORK EXPERIENCE

IT Intern, PT Toyota Motor Manufacturing Indonesia

Feb 2026 - Aug 2026

Information System & Technology Division, Infra-Security Standardization Department

- Ran the MFA Integration Project end-to-end: SDLC project documentation, testing, and rollout planning.
- Shipped MFA across four login methods: Email OTP, WhatsApp OTP, Authenticator App (TOTP), and Device Passkey.
- Held a cybersecurity and supported secure coding sharing session for the IT Division

IT Intern, Diskominfo Kota Pekalongan

Jun 2024 - Jul 2024

- Redesigned the department's public website into a modern, responsive site, building the frontend in HTML, Tailwind CSS and Laravel

PROJECTS

SITOMAS Kresno, Point-of-Sale & Inventory System

Next.js, React, TypeScript, Tailwind CSS, PostgreSQL, Docker, Vercel

- Built a production retail management system end-to-end for a gold jewelry store, covering POS, inventory, purchasing, pawnbroking, repair orders, receivables, and finance.
- Integrated barcode scanners, QR generation, bulk CSV import/export, and multi-template invoice printing with configurable paper sizes.
- Designed a CMS with a WCAG AA-compliant interface for elderly, non-technical users.

Bearion, E-Commerce Platform

Next.js, React, TypeScript, Tailwind CSS, PostgreSQL, Docker, Vercel

- Built and shipped a production e-commerce store end-to-end.
- Integrated **PayPal**, **Biteship** for logistics, and **Brevo** for transactional email.
- Designed an CMS to manage products, orders, promotions, shipping zones, and page content.
- Implemented layered security: PostgreSQL Row Level Security, API rate limiting, private storage with signed URLs, etc.

RetenSYNC, Employee Retention & Turnover-Risk Analytics Platform

Next.js, React, TypeScript, Tailwind CSS, shadcn/ui + Radix UI, Chart.js, Recharts, Framer Motion

- Built and deployed an HR retention analytics platform on Vercel with separate admin and employee portals covering performance reviews, goals, feedback, surveys, and 1-on-1s.
- Integrated a REST turnover-prediction API, surfacing per-employee risk levels and probabilities, with a rule-based weighted risk score (satisfaction, evaluation, work accidents, promotion history) as the offline fallback ranking.
- Implemented token-based authentication with role-based access control, session/expiry handling, login-attempt throttling, and permission-gated routes and components.

November Coffee, Cafe Workforce & Inventory Management System

Next.js, React, TypeScript, Tailwind CSS, PostgreSQL, Vercel, Framer Motion, Recharts, OCR.space API

- Built a full-stack cafe management system (attendance, employees, inventory, payroll).
- Integrated multi-shift attendance with shift handling & cron-job for automatic check-out.
- Integrated AI OCR receipt scanning with a custom parser that turns supplier receipt photos into structured inventory records.
- Designed a role-based admin CMS with Recharts analytics, low-stock alerts, auto-generated payslips, and CSV export.

ORGANIZATIONAL & LEADERSHIP EXPERIENCE

Head of Human Resource Development

Dec 2024 - Dec 2025

KMB Dharmavamsa

- Led the division and ran its programs from first idea through to review, with regular feedback meetings between members and the committee.

Head of Social Division

Mar 2024 - Mar 2025

Computer Engineering Student Association, Diponegoro University

- Planned and ran the division's social and community service programs and represented the association at joint activities with other faculties.

ACHIEVEMENTS & CERTIFICATIONS

- **Platinum Award**, International Business and Management Virtual Innovation & Invention of Ideas Competition (VIIC) - UiTM Puncak Alam, Malaysia, 2025.
- **Bakti BCA Scholarship Awardee** - PT Bank Central Asia Tbk, 2024-2025
- **Enterprise Networking, Security, and Automation** - Cisco Networking Academy, 2026
- **Switching, Routing, and Wireless Essentials** - Cisco Networking Academy, 2024
- **Java Fundamentals & Java Programming** - Digital Talent Scholarship, Kominfo, 2024
- **Java Programming & Database Foundations** - Oracle Academy, 2024

KEY SKILLS

Programming	TypeScript, JavaScript, Java, PHP, SQL
Frameworks	Next.js, React, React Native, Tailwind CSS, Laravel
Databases	PostgreSQL, Supabase, Row-Level Security
Tools & Process	Git & GitHub, Vercel, Figma, SDLC, UAT, technical documentation
Networking	IP addressing, routing & switching
Languages	Bahasa Indonesia (native), English (intermediate)
